

COVID Guidelines for joining Western Wheelers Club Rides - Updated July 8, 2021

In order to keep our riders safe and stay in compliance with local regulations, the following guidelines are now in effect for all club rides.

Ride Guidelines:

1. **Riders are required to follow [CA CDPH Guidelines](#) for face coverings.** These guidelines require mask use based on vaccination status. **Fully vaccinated individuals** are NOT required to wear facemasks during normal outdoor activities involved in a WW ride. When visiting any indoor location (restaurants/restrooms) or stopping at an event (festival/farmers market, etc) riders must follow CA CPDH guidelines. **Unvaccinated individuals** are required to wear face coverings at the start of each ride and whenever physical distancing (6 feet) cannot be maintained.
2. **All riders must carry a face covering** to be worn when required as above.
3. There is no restriction on location of rides (any county), club membership (guests are now permitted), or special leadership qualification (any club member may lead a ride).
4. **Ride leaders can establish more restrictive requirements for their ride if desired.** Any such restrictions will be included in the online ride description.
5. Availability of water and restrooms may be limited so plan your intake and distances accordingly.

Risks, Privacy and Safety

There is risk in all gatherings, since people without symptoms can transmit COVID-19. Participation in club rides is voluntary. Members assume the full and complete risk that is associated with exposure to and infection by COVID-19 during such participation. Please note that in the event Western Wheelers is asked by the department of public health for a list of riders participating in any club ride for purposes of COVID-19 exposure tracing, Western Wheelers will comply with such requests.

If you are sick, do not come on club rides. People with COVID-19 have had a wide range of symptoms reported – ranging from mild symptoms to severe illness. Symptoms may appear 2–14 days after exposure to the virus. People with these symptoms may have COVID-19:

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea
